Thinking of Graduate School?

Successful graduate school applicants start the process early.

**Sophomore Year:**
- Determine area of interest
- Discuss graduate school with your Academic Advisor
- Choose courses and activities that will give you an advantage

**Junior Year:**
- Gather Graduate School program information
- Maintain Scholarly efforts
- Take the appropriate Graduate School Admission Test

**Senior Year:**
- Take or re-take the appropriate Graduate School Admission Test
- Develop your writing sample
- Complete and mail 4-6 applications before January 1
- The CDC and the Snowden Library are resources that should not be ignored

**The CDC can assist you with:**
- Graduate School Information
- Test Registration Materials
- Information on Financial Aid
- Computerized Graduate School information
- Application and Admission information
