Freshman Orientation Presentation

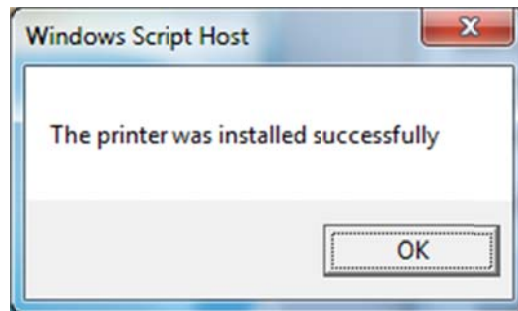

3. When it asks to save or open, select OPEN. If your browser asks if you are sure you want to run the file, click YES or OPEN.

4. You will be prompted to enter your username, then your password (Note: Your password is not hidden when you type it in.)

5. The script will run in the background, when the printer is installed successfully the following message will be displayed. This process may take several minutes, please be patient. Click OK.

6. The printer should now appear in your drop-down list as Library_Wireless_4050.
7. If you need assistance, please ask the staff at the circulation desk.
