THE CENTRAL PENNSYLVANIA CONFERENCE
SINCE UNION
A DOCUMENTED TABLE

The Methodist Church and the Evangelical United Brethren Church
united in Dallas, Texas, on April 23, 1968, to form the United
Methodist Church. The Central Pennsylvania Conference of the United
Methodist Church came into existence at exactly 10:30 am, October 18,
1969, at the Uniting Session held in Harrisburg, Pennsylvania. As
authorized by the Northeast Jurisdictional Conference held in
Buckhannon, West Virginia, on July 24-28, 1968, the effective date of
union on all matters of administration was set for January 1, 1970.

The Central Pennsylvania Conference was formed in accordance with
The Plan and Basis of Union, hereafter called TPABOU, approved April 7,
1969. The district/charge structures and church membership figures of
the table are those given in TPABOU. Having to present some fixed
starting point and structure, this article has chosen that of TPABOU
because it is well-defined and does indeed represent the origins of the
present conference. Since there were continual modifications to the
original plan right up to the time of final implementation, however,
some charges never actually existed in the form envisioned in the
following table.

The information given for each church includes (1) its membership,
(2) its historic denominational and conference affiliation, and (3)
every conference journal reference since TPABOU relating to its
closing, selling, merging, relocating or realignment. The membership
figures are those as of January 1, 1968, as taken from TPABOU (with
corrections). The historical denominational affiliations are
represented by EV (Evangelical), ME (Methodist Episcopal), MES
(Methodist Episcopal South), MP (Methodist Protestant) and UB (United
Brethren). Former conferences are represented by AL (Allegheny), B or
BA (Baltimore), CN (Central New York), CP (Central Pennsylvania), EP
(Eastern Pennsylvania), ER (Erie), GE (Genesee), MD (Maryland), PA
(Pennsylvania), PH (Philadelphia), PI (Pittsburgh) and WA
(Washington). The journal references allow the reader to follow the
development of the conference from that given in TPABOU to its present
form.

UPDATE NOTE: The Table printed in 1991 was the then current
form of an ongoing record. In 2000 that record was ended
and a new one begun. What follows is the updated table
completed in the year 2000.
**ALTOONA DISTRICT: 61 charges - 118 congregations - 26,480 members**

In the documented table on the preceding pages, each church that has been in the Conference since 1968 can be identified by a unique district/number combination. Bethel, the second church in the table, for example, is ALTO 2a. For each of the 15 predecessor conference in the summary table which follows, a comprehensive list is being prepared to include and identify by a unique conference/number every known church that existed in that conference prior to 1968. Such a list will also include exact locations, key dates (building construction, closings, sales, etc.) and other relevant information in a format similar to that of the table on the preceding pages. In addition, a cross-reference index will be prepared to facilitate research on churches that existed both before and after the 1968 union.

The following table summarizes by district and predecessor denomination/conference the original make-up of the Central Pennsylvania Conference of the United Methodist Church as given in TPABOU. The key to the four-letter abbreviations for predecessor conference affiliations is given at the bottom. Those conferences with zero membership represent either bodies that entirely died out within the present conference boundaries before 1968 or bodies whose churches have come into the conference only since 1968.
