

CHEMISTRY COLLOQUIUM SERIES SPRING 2009

Date	Speaker/Affiliation	Title
Jan. 23	Kelly Howerter Forensic Scientist, VA, Dept. of Forensic Science	“CSI Richmond: Life as a Forensic Scientist “
Feb. 6	Holly Bendorf Department of Chemistry, Lycoming College	“Chelation-Assisted Hydroacylation: Synthesis of Medium-Ring Heterocycles”
Feb. 11 (W, 7:30 pm)	Timothy Strein Department of Chemistry Bucknell University (ACS meeting)	“Understanding Migration Dynamics for Nanoliter Volume In-Capillary Reactions With Small Ions”
Feb. 20	Chriss McDonald Department of Chemistry Lycoming College	“Development and Characterization of New Ligands for SmI_2 ”
Mar. 13	Charles Mahler Department of Chemistry Lycoming College	“Synthesis of Soluble Transition-Metal Selenides, and NMR Studies of Ruthenium Phosphine Complexes”
Mar. 27	Jeremy Ramsey Department of Chemistry Lycoming College	“Using Modified Carbon Electrodes to Study Electrochemical Reactivity”
Apr. 3	Jr./Sr. Chemistry Majors Department of Chemistry Lycoming College	“Our Favorite Demonstrations and the Chemistry Behind Them”
Apr 17	Kyle Totaro and Kyle Ruhl Lycoming Chemistry majors	Reports on Spring Research
Apr. 24	Casey Walls Lycoming Chemistry major	Report on Chem 449 Research

Colloquia will be in G-09 with refreshments at 3:00 and the talk beginning at 3:15, except where noted. Non-Friday colloquia are marked.
