

Fish Documented at Two Sites Along Black Hole Creek (2003)

Common Name	Family	Genus	Species	Number Collected Site 1*	Number Collected Site 2**	Tropic Level	Pollution Tolerance	Native/ Exotic (N/E)
Brown Trout	Salmonidae	<i>Salmo</i>	<i>trutta</i>	1	2	Piscivore	Intolerant	E
Brook Trout	Salmonidae	<i>Salvelinus</i>	<i>fontinalis</i>	0	2	Piscivore	Intolerant	N
Small Mouth Bass	Centrarchidae	<i>Micropterus</i>	<i>dolomieu</i>	1	2	Piscivore	Intermediate	N
Rock Bass	Centrarchidae	<i>Ambloplites</i>	<i>rupestris</i>	1	1	Piscivore	Intermediate	N
Northern Hogsucker	Catostomidae	<i>Hypentelium</i>	<i>nigricans</i>	9	0	Insectivore	Intolerant	N
White Sucker	Catostomidae	<i>Catostomus</i>	<i>commersoni</i>	14	18	Insectivore	Tolerant	N
Pumpkinseed Sunfish	Centrarchidae	<i>Lepomis</i>	<i>gibbosus</i>	1	0	Insectivore	Intermediate	N
Bluegill	Centrarchidae	<i>Lepomis</i>	<i>macrochirus</i>	15	9	Insectivore	Intermediate	N
Rosy face Shiner	Cyprindae	<i>Notropis</i>	<i>rubellus</i>	1	0	Omnivore	Intolerant	N
Fall Fish***	Cyprindae	<i>Semotilus</i>	<i>corporalis</i>	4	1	Insectivore	Intolerant	N
Slimy Sculpin	Cottidae	<i>Cottus</i>	<i>cognatus</i>	2	11	Insectivore	Intolerant	N
Margined Madtom	Ictaluridae	<i>Noturus</i>	<i>insignis</i>	3	1	Insectivore	Intolerant	N
Common Shiner	Cyprindae	<i>Notropis</i>	<i>cornutus</i>	3	4	Insectivore	Intermediate	N
Yellow Bullhead Catfish	Ictaluridae	<i>Ictalurus</i>	<i>natalis</i>	2	0	Omnivore	Tolerant	N
Tessellated Darter	Percidae	<i>Etheostoma</i>	<i>olmsted</i>	19	12	Insectivore	Intermediate	N
Blacknose Dace	Cyprindae	<i>Rhinichthys</i>	<i>atratus</i>	13	5	Insectivore	Intolerant	N
Cutlips minnow	Cyprindae	<i>Exoglossum</i>	<i>maxillingua</i>	7	1	Insectivore	Intermediate	N
Longnose Dace	Cyprindae	<i>Rhinichthys</i>	<i>cataractae</i>	0	7	Insectivore	Intermediate	N
Total				96	76			

§ All fish collected using back-pack electroshockers

* Site 1 corresponds to site BHC #6 labeled on map (park in Montgomery)

** Site 2 corresponds to site BHC #4B2 labeled on map (Snaury Town Bridge)

*** All Fall Fish were infected with the black spot parasite
