RE: Comprehensive Student Health Record

Welcome to Lycoming College. We hope your years at Lycoming are healthy ones! Enclosed you will find the Comprehensive Student Health Record. This form contains requests for both mandatory and voluntary information. The information provided serves both as a historical health record and notice of pre-existing conditions. Such notice can assist us in notifying you of the services available to you as it relates to your health at Lycoming College.

Student Health Services is open during the academic year Monday through Friday 8:00 am to 4:30 pm and is located in the lower level of Rich Hall. Further information regarding services is available on our website at www.lycoming.edu/healthservices. Counseling Services is open Monday through Friday 8:00 am to 4:30 pm and is located on the third floor of the Wertz Building. The Counseling Center provides crisis intervention, short-term counseling, and referral assistance for all students. Additional information is available on the Counseling website at www.lycoming.edu/counseling.

The enclosed forms are requesting essential information that will enable the College’s health providers to deliver the best possible care and assistance to you while at Lycoming College. Students will not be able to complete the check-in process without submitting a signed Comprehensive Student Health Record.

Information requested for the Comprehensive Student Health Record is essential for the appropriate treatment of acute conditions, to ensure continuity of care for chronic conditions and to comply with statutes concerning student immunizations. All information contained in the Comprehensive Student Health Record is considered confidential and is not shared with other campus departments without student permission or, in cases in which student welfare is in jeopardy.

Complete each section of the Comprehensive Student Health Record as accurately and thoroughly as possible. The information requested for the Mental Health History is voluntary. In order for the form to be considered complete, the student’s signature must appear on page 2.

Please pay particular attention to several sections:

**Immunizations:** All spaces in the immunization portion must be filled in, blank spaces indicate incomplete vaccinations. Family physicians, as well as high school records and baby books, are good places to check for dates of past immunizations. If a student is unable to obtain immunization records, serological titers (blood work) may be sent as proof of vaccinations. Health Services also provides immunizations at a cost.

**Health History:** Please note any student with a history of asthma and a current prescription inhaler must have a completed Asthma Action Plan. This form can be accessed at www.lycoming.edu/healthservices. Additionally, all diabetic students should review the College’s Sharps Disposal Policy which can be accessed at www.lycoming.edu/healthservices.

**Mental Health History:** Mental health issues can influence adjustment to and academic success in college. This voluntary section is designed to inform Health Services and Counseling Services of both prior or existing mental health issues and treatment.

If you have any questions or concerns, please feel free to contact Student Health Services at 570-321-4052 or Counseling Services at 570-321-4258. Thank you for your cooperation.
The checklist below is designed to assist parents and students in ensuring all portions of the Comprehensive Student Health Record are completed. Health Records and physicals are only required by Health Services your first year and will be kept on file for seven years after graduation.
