

Lycoming College

International Student Mobile Phone Agreement

This plan is available through the Lycoming College agreement with Verizon Wireless.

- A Verizon Wireless representative will be on campus once a semester for new students to apply for a new line of service and for current students to upgrade their existing phone. This will be the **ONLY** time during the semester you can sign up for new/existing service.
- Each student is responsible for the purchase price of a Verizon Wireless mobile phone through Lycoming College's Information Technology Services. SIM Cards are not available to students who do not already have a Verizon Wireless account through Lycoming College's program.
- The plan includes 400-peak hour calling minutes per month and includes unlimited night and weekend calling, unlimited Verizon Wireless to Verizon Wireless calling, unlimited data while in the United States. It does not require a security deposit or a 2-year contract.
- Students are encouraged to register their phone on Lycoming College's wireless network through Information Technology Services to minimize their data usage.
- Students on the plan receive a monthly invoice from the College and are required to pay that amount at the business office upon receipt. This plan is a flat fee of \$49.35 per month, which is the monthly line access fee plus service charges (totaling approximately \$54.67 per month). Terms and conditions are subject to change as directed by Verizon Wireless.
- Please be advised that **you may only request to suspend your line of service for summer break**. It is the student's responsibility to request this suspension. Your suspension will start June 1st. Suspensions are for a maximum of **90 days**. After the 90 days your mobile number will reconnect, thus continuation of the billing.
- Should you wish to disconnect your line of service at any time, **you will not be eligible to apply for new service until August of the next year**. Those students graduating may choose to keep their phone number and assume financial responsibility directly with Verizon Wireless or may wish to disconnect their line of service with the college while retaining their purchased mobile phone.
