J. HOW TO PARTICIPATE IN A STUDY ABROAD, COOPERATIVE PROGRAM OR THE WASHINGTON SEMESTER

Students planning to study abroad, to finish their degree through a cooperative program, or to participate in the Washington Semester must request permission to do so. A 2.50 cumulative GPA is required.

a. Complete the Application to Study Abroad or the Application to Participate in a Cooperative Program or the Washington Semester

b. List the courses you wish to take plus alternates. You must provide course descriptions. If the program is not an affiliate, you must also provide information on the grading and credit systems of the host institution.

c. Obtain signatures from your advisor and the study abroad coordinator or cooperative program coordinator, and the Dean of Students.

d. Return the completed form to the Registrar.

e. The Registrar must also approve your request. You will receive written notification of the decision.

f. If you will be completing any of the last 32 credits through this method, you must also appeal to the Committee on Academic Standards for a waiver of the senior residency requirement (see the following section).
