

## LOTTERY NUMBERS EXPLAINED

The following table explains how your “range” of possible lottery numbers is determined for the 2019 – 2020 Housing Lottery Selection processes.

Your range is determined by the actual number of credits earned and recorded by the Registrar’s Office as of the **end of the Fall 2018 Semester**. *This will NOT include credits you are currently taking.*

Your lottery number is then **randomly generated** within your credit range by a computer program.

<u>Credit Hours as of end of Fall 2018 Semester</u>	<u>Lottery Number Range</u>
≥ 0 but < 12	2501 – 3000
≥ 12 but < 24	2001 – 2500
≥ 24 but < 40	1501 – 2000
≥ 40 but < 56	1001 – 1500
≥ 56 but < 76	501 – 1000
≥ 76	1 - 500

**Note: Students who pay the enrollment deposit to the Business Office after the February 28, 2019 deadline and/or cleared all holds on their account after 12 noon on March 18, 2019 will not be guaranteed a lottery number within their Semester Hour range and may possibly be assigned a number above 3000(3001+).**
